

**Class Application for 2017-2018 School Year
(South Burlington Site)**

Applications must be received by May 1, 2017 in order to process and make decisions for the upcoming school year. Selection notifications will be made by the end of May.

Please remember to submit a separate application for each class/teacher that is interested.

General Considerations: The program is for grade 5. Schools that best match our mission requirements are selected first. Teachers who extend the program through their efforts at school are given higher consideration. If you would like additional resources or have questions please speak with our teaching team.

Please mail or fax applications to:

Starbase Vermont, 62 NCO Drive, So. Burlington, VT 05403

FAX:

802-660-5940

◆ School: _____ District: _____

◆ Mailing Address: _____

◆ Phone: _____ Fax: _____ Email: _____

◆ Teacher: _____ Grade level(s): _____ Class Size (Number of students): _____

◆ When picking dates for our school's participation a concern we would like to point out is...

◆ Has your school participated in Starbase before? _____ If yes, when? _____

◆ Have you (teacher) previously participated in a Starbase program? _____

◆ If yes, which program and when? _____

◆ Our school will work with dates given during state testing windows. _____ Yes _____ No

Logistical Requirements for Schools:

◆ Student school year programs last for 5 class sessions over the course of several (normally 5) weeks. Each class session begins at 9:00 and ends at 2:00 for a total of 25 hours.

◆ Schools are responsible for arranging transportation to and from the South Burlington Starbase site. **Typically, programs require four round trips to Starbase.** One session is held at the school.

Approval of School Principal or Assistant Principal:
