

**Class Application for 2019-2020 School Year
(South Burlington Site)**

Applications must be received by May 1, 2019 in order to process and make decisions for the upcoming school year. Late applications will not be accepted.

Please remember to submit a separate application for each class/teacher that is interested.

General Considerations: The program is for fifth grade. Schools that best match our mission requirements are selected first. Teachers who extend the program through their efforts at school are given higher consideration. If you would like additional resources or have questions please speak with our teaching team.
